

Alvin C York Syllabus

Course Title: Wildlife Management and Recreation

Teacher Name: Mr. Brown

Prerequisites: None

Materials: Wildlife and Natural Resource Textbook

Course Description: Wildlife Management and Recreation emphasizes the awareness of conservation and preservation management practices utilized to ensure the sustainability of our outdoor resources. Integrated academics and experiential learning will build conservation awareness among students. This will, in turn, generate career interests and more responsible land ownership in the community as we enter the 21st century.

Course Content and Objectives:

Standard 1.0 Examine the role of Tennessee wildlife and Tennessee wildlife agencies through an introduction to wildlife management and recreation principles.

Standard 2.0 Examine Tennessee game management principles and practices to conserve and protect wildlife.

Standard 3.0 Analyze the importance of public education and information in wildlife management and recreation.

Standard 4.0 Evaluate ways various hunting techniques can lead to a safe and successful hunt.

Standard 5.0 Evaluate practices a landowner can use to improve wildlife habitat and profit.

Standard 6.0 Analyze the effects of game laws and their enforcement on sustainable wildlife and recreation activities.

Standard 7.0 Assess fishery management principles designed to promote and sustain an abundant and healthy supply of fish.

Standard 8.0 Analyze the important recreational, therapeutic, ecological, and environmental values of Tennessee parks to the public.

Standard 9.0 Demonstrate premier leadership and personal growth needed for careers in wildlife management.

Instructional Philosophy: Class discussion, Note-taking, Listening, hands-on activities, research

Grading Policy: Participation 10%

Test 50%

Quizzes 30%

Research 10%

EXTRA CREDIT WILL BE OFFERED AT TIMES

Classroom Policy: All rules/policies listed in the student handbook will be followed in this classroom.
